To Whom It May Concern:

I am writing in reference to Hilary Anders, who recently managed a painting job for College Works Painting Company. Hilary was in charge of estimating and planning the work to be done on my home. In addition, she supervised the painting crew who performed the work. Hilary was always on time, professional, and helpful. She went out of her way to be sure that I was satisfied with the work being done. Due to a complicated work schedule, it was not always possible to meet with me during regular work hours, but that was not a problem for Hilary. She made sure that we scheduled meetings at times that worked for me. I also had a important deadline for the work to be done due to a special family event taking place at my home. Hilary worked hard to make sure that the work was done on time.

I would recommend Ms. Anders without hesitation for future painting jobs.

Sincerely,

Sue Anderson
